

FINASSIST BANKING ACCOUNT POLICY

1. Account Eligibility

Customers must provide valid identification and required personal information when opening a FinAssist bank account.

The bank may perform identity verification before activating the account.

2. Account Opening

Customers can apply for an account through the FinAssist mobile application or an authorized bank branch.

The account becomes active after successful identity verification and completion of the required account-opening process.

3. Minimum Balance

Customers with a standard savings account must maintain a minimum monthly balance of INR 5,000.

Failure to maintain the required balance may result in applicable account maintenance charges.

4. Account Statements

Customers can access their account statements through the FinAssist mobile application.

Electronic statements are available for transactions performed through the account.

5. Updating Customer Information

Customers must keep their registered mobile number, email address, and residential address up to date.

Certain changes to customer information may require additional identity verification.

6. Account Closure

Customers can request account closure through customer support or an authorized bank branch.

Any pending transactions, outstanding charges, or other obligations must be resolved before the account can be closed.

7. Dormant Accounts

An account may be classified as dormant when there has been no customer-initiated transaction for an extended period.

Customers may be required to complete identity verification before reactivating a dormant account.
