

FINASSIST BANKING CARD POLICY

1. Card Activation

Customers must activate their new debit or credit card before making transactions. Card activation can be completed through the FinAssist mobile application or by contacting customer support.

2. Card PIN

Customers can create or change their card PIN through an authorized ATM or the FinAssist mobile application.

Customers should never share their card PIN with another person.

3. Lost or Stolen Cards

Customers must report a lost or stolen card immediately through the FinAssist mobile application or customer support.

Once a card is reported as lost or stolen, the bank may block the card to prevent unauthorized transactions.

4. International Transactions

International transactions may require international usage to be enabled on the card.

Customers can enable or disable international transactions through the FinAssist mobile application.

5. Contactless Transactions

Contactless payments can be used at supported payment terminals.

For security purposes, certain transactions may require the customer to enter their card PIN.

6. Card Replacement

A replacement card may be issued when a card is lost, stolen, damaged, or expired.

Additional verification may be required before a replacement card is issued.
